Gentlemen:

As required by 10 CFR 50.54(p), enclosed are four copies of Revision 14 to the McGuire Nuclear Station Training and Qualification Plan that includes a change to the retention period for screening records, consolidates commitments concerning background investigations and adds a reference to the Duke Power Company Nuclear Access Program.

The enclosed Synopsis of Changes details the specific text changes. These changes do not decrease the effectiveness of the McGuire Nuclear Station Training and Qualification Plan.

Very Truly Yours,
