Note to M. Grotenhuis

SUBJECT: KEWAUNEE ROD MISALIGNMENT ... TURBINE OVERSPEED PROTECTION
SYSTEMS (840 142)

Marshall, the package looks okay except in the Federal Register notice (the notice of issuance) some place in the description of the amendment you should add a statement similar to the statement in the cover letter that this amendment package covers a portion of the amendment noticed on October 26 and that the portion relating to core peaking factors will be covered in a subsequent separate action. If you put that in, you do not have to return it to ELD. Its okay as is.
