Docket No. 50-341

Detroit Edison Company
ATTN: W. S. Orser
Senior Vice President
Nuclear Generation
6400 North Dixie Highway
Newport, MI 48166

Dear Mr. Orser:

This letter is to correct an error in Inspection Report No. 50-341/92005(DRSS). Page 3 of the report stated that the exercise conducted at Fermi 2 on June 3, 1992, was an announced exercise. The report should have stated that the exercise was unannounced as the players were unaware of the date or time of the exercise.

If you have any questions concerning this matter, please call me at (708)790-5281.
