AND 50-389

This letter refers to the meeting conducted at your request in the NRC Region II Office on January 22, 1985. This meeting was related to the application of Fire Protection, 10 CFR 50 Appendix R, and the forthcoming Appendix R inspection at St. Lucie Units 1 and 2. Enclosed is a summary of the meeting topics.

It is our opinion that this meeting was beneficial, and provided for a better understanding of NRC's Appendix R Fire Protection inspection methodology and Florida Power and Light's (FP&L) Appendix R analysis and design approach.
