RE: Houston Lighting and Power Company, et al.
South Texas Project, Units 1 and 2
Dockets Nos. 50-498, 50-499 -OL

Dear Members of the Appeal Board:

As a result of a miscommunication between myself and our attorney in Texas, Mr. Goldstein, for which I take full responsibility, the letter sent to you on February 21 did not accurately reflect the positions of all the parties regarding our request for an extension of time. The letter should have stated that the Applicants and the State of Texas had no objection to the extension, while the NRC Staff took no position.

I trust this clarification will not alter your decision to grant the extension, but I did want to make certain the record was accurate on this point.

For CCANP,
