Date

Conference Summary

Conference held on October 11, 1984 (Report 50-285/84-27)

Areas Discussed: Nine violations of NRC requirements and two deviations identified during NRC Inspection 50-285/84-20 were discussed by the members of the inspection team which had performed the special security program inspection at FCS during the period of August 20-24, 1984. The violations and issues of concern were detailed by the inspection team members, and the licensee representatives responded to each item. The possibility of escalated enforcement action and prior enforcement history were discussed.
