The Cleveland Electric Illuminating Company
(Perry Nuclear Power Plant, Units 1 and 2)
Docket Nos. 50-440 and 50-441α

Gentlemen:

Staff counsel informed me today that the Board wished to receive an updated report on the estimated fuel load date for Perry Nuclear Power Plant, Unit No. 1. As of today, the planned fuel load date remains June 15, 1985. The primary critical path is thirty days beyond this date. This schedule is the same as I reported during the February 1, 1985 conference call, Tr. 2050.

Sincerely,

JAY E. SILBERG
