SUBJECT: Michigan Schedule of Corrective Actions for Deficiencies
Identified During the Fermi II Nuclear Power Plant (NPP)
Offsite Radiological Emergency Preparedness (REP) Exercise
Conducted on June 27, 1984

Attached is the schedule of corrective actions submitted by the State of Michigan for the deficiencies noted in the Final Report for the Fermi II NPP Offsite REP Exercise conducted on June 27, 1984. The exercise report was transmitted to you on October 15, 1984.

The Federal Emergency Management Agency (FEMA) Headquarters and Region V staff have reviewed the schedule of corrective actions submitted by Michigan and found it to be adequate.

If you have any questions, please contact Mr. Robert S. Wilkerson, Chief, Technological Hazards Division, at 287-0200.

Dear Mr. Finch:

Re: Enrico Fermi 2 Radiological
Emergency Preparedness
Exercise Critique

Attached is the Michigan State Police - Emergency Management Division's response to the FEMA critique of the Enrico Fermi 2 full-scale radiological emergency preparedness exercise.

There were no type "A" or "B" deficiencies listed for the state of Michigan; therefore, no response is necessary. There were also no type "A" deficiencies for Monroe or Wayne counties or Brownstown Township. The proposed corrections for the type "B" deficiencies for those jurisdictions are attached.

If you have any questions, please feel free to contact this office.

Sincerely,

PETER R. BASOLO, CAPTAIN
Deputy State Director of
Emergency Services
