Mr. J. J. Carey, Vice President
Nuclear Group
Duquesne Light Company
Post Office Box 4
Shippingport, PA 15077

Dear Mr. Carey:

SUBJECT: REQUEST FOR ADDITIONAL INFORMATION - PROPOSED AMENDMENT TO
ELIMINATE APPENDIX B (LICENSING ACTION TAC 53208)

By letter dated November 3, 1983 and supplemented by letter dated July 31, 1984, you requested that Appendix B of the Beaver Valley Unit 1 license be eliminated. Appendix B currently contains only specifications for offsite soil sampling and aerial infrared photography. This RAI is concerned with soil sampling.

We have reviewed your analysis contained in your July, 1984 submittal. We would like to review the raw data on soil sampling, and perform our own statistical analysis so as to determine if the specification can be eliminated. Please provide the data within 60 days of receipt of this letter. If the target date offers any difficulty, feel free to discuss with your project manager, Mr. Peter Tam regarding an alternate date.

The reporting and/or recordkeeping requirements of this letter affect fewer than ten respondents; therefore, OMB clearance is not required under P.L. 96-511.

Sincerely,

/s/SAVarga

Steven A. Varga, Chief
Operating Reactors Branch #1
Division of Licensing
