CHAIRMAN SVINICKI: Thank you operator. Good morning, I am Kristine Svinicki, Chairman of the Nuclear Regulatory Commission, and I am presiding over this public affirmation session, which is being conducted via teleconference.

Joining me in this teleconference are the other currently serving members of the Commission. May I have each Commissioner affirm their presence when I call their name:

Commissioner Caputo: Here.

Commissioner Wright: I'm here.

Also participating are:

ANNETTE VIETTI-COOK, Secretary of the Commission: Here.

and

MARIAN ZOBLER, General Counsel: I'm here.

This meeting is open to the public to listen in.

Madam Secretary, I believe we have two items for affirmation. Would you please lead the Commission through the affirmation items?

ANNETTE VIETTI-COOK: Yes. The first item is on SECY-19-0049, Crow Butte Resources, Inc. (Marsland Expansion Area), Petition for Review of Licensing Board Panel-19-2, Licensing Board Panel-18-3, and Memorandum and order Granting Summary Disposition. The

Commission is being asked to act on a Memorandum and Order addressing the Oglala Sioux Tribe's petition for review of the Atomic Safety and Licensing Board's Initial Decision and two interlocutory orders in the licensing proceeding for Crow Butte's proposed Marsland Expansion Area.

The Commission has voted to approve a Memorandum and Order that denies the petition for review.

Would you please affirm your votes after I call your name?

CHAIRMAN SVINICKI: Aye.

COMMISSIONER BARAN: Aye.

COMMISSIONER CAPUTO: Aye.

COMMISSIONER WRIGHT: Aye.

ANNETTE VIETTI-COOK: The second item is SECY-20-0028, United States Department of Energy (Export of 93.35% Enriched Uranium) Petitions Seeking Leave to Intervene and Request for Hearing). This matter involves the application of the U.S. Department of Energy, National Nuclear Security Administration (DOE/NNSA) to export 4.455 kilograms of uranium-235 in 4.227 kilograms of uranium with a maximum enrichment of 93.35%. This highly enriched uranium would be exported to Belgium, specifically to the Institute for Radioelements, over a period ending in 2022. The Commission is being asked to act on a Memorandum and Order responding to requests for hearing and petitions to intervene filed by NorthStar Medical Radioisotopes, LLC, Nuclear Threat Initiative, Curium US, LLC, and Dr. Alan J. Kuperman on the export license application filed by DOE/NNSA.

The Commission has voted to approve a Memorandum and Order that denies the requests for hearing and petitions to intervene and directs the Office of International Programs to issue the export license.

Would you please affirm your votes after I call your name?

CHAIRMAN SVINICKI: I'm sorry Madam Secretary, I believe you misread the beginning of the second item, would you please repeat it?
