Conditions

- Condition 1** Reserved
- Condition 2** Reserved
- Condition 3** This license covers only the nuclear content of the material.
- Condition 4** The material to be exported under this license shall be shipped in accordance with the physical protection requirements for special nuclear material in 10 CFR Part 71 and 10 CFR Part 73.
- Condition 5** Reserved
- Condition 6** This license authorizes export only and does not authorize the receipt, physical possession, or use of the nuclear material.
- Condition 7** The shipper shall complete and submit a DOE/NRC Form 741 for each shipment of uranium, thorium, and plutonium (i.e., source or special nuclear material) exported under this license.
- Condition 8** Reserved
- Condition 9** The licensee shall submit by January 4, 2021, a status report documenting the quantities of uranium shipped during the previous calendar year including both the element and isotope weights for each shipment made. The report shall also provide projections and supporting rationale for any uranium shipments that may be scheduled during the remaining license term including estimates of both the element and isotope weights. This report shall be submitted to the Deputy Director, Office of International Programs at the address provided in 10 CFR § 110.4.
