**REVISION TO REGULATORY ISSUE SUMMARY, RIS 2019-02 RESPONSE**  
**PREPARATION AND SCHEDULING OF OPERATOR LICENSING EXAMINATIONS**

DESC is submitting a revised NRC Form 536, "Operating Licensing Examination Data," for VCSNS Unit 1 that replaces the Form 536 previously submitted on May 16, 2019. The NRC Form 536 previously provided by VCSNS Unit 1 is being corrected to account for an operator licensing examination for calendar year 2021. There will not be an operator licensing examination for calendar year 2022.

Also note that there will be six reactor operators and six senior reactor operator upgrades for 2021. This is a change from the numbers provided in the May 16, 2019 submittal, which were six reactor operators, four instant senior reactor operators, and two senior operator upgrades for 2022.

The proposed primary date for the operator licensing examination for calendar year 2021 is August 30, 2021, with an alternate date of September 6, 2021.

Should you have any questions regarding this matter, please contact Tracey Stewart at (803) 931-5663.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark D. Sartain", followed by a horizontal line.

Mark D. Sartain
