

December 22, 1983

Note to Paul Leech

SUBJECT: PILGRIM 1 REVIEW & APPROVAL OF PROCEDURES (840 377)

I don't have any problem with this notice of proposed action but before you take action on this amendment, I would square it away with the Regional people and/or IE, especially the people involved in the vendor inspection program. Make sure that they agree that this kind of a change is a no-never-mind.
