Subject: Licensee Safeguards Guidance Group Bulletin #24

The following LSGG bulletin is issued as a generic response to questions submitted to the LSGG by Category I licensees. This bulletin should be considered preliminary guidance for insertion into NRCB 0669, the "Fixed Site Physical Protection Upgrade Rule Guidance Compendium." The LSGG bulletins will be formalized on an annual basis, at which time they will be subject to public comment.

Question:

Does 73.46(d)(12) apply to contaminated trash and waste only?

Reference: 73.45(d)(1)(i); 73.46(d)(12).

LSGG Response:

No. Section 73.46(d)(12) requires that controlled access areas separated from processing and storage areas be established and used for packaging and screening all trash and all wastes whether contaminated or uncontaminated.

Original Signed
 J. R. Burnett

Robert F. Burnett, Director
 Division of Safeguards, NMSS
