Docket No. 50-455

Commonwealth Edison Company  
ATTN: Mr. Cordell Reed  
Senior Vice President  
Opus West III  
1400 Opus Place  
Downers Grove, IL 60515

Dear Mr. Reed:

This refers to the inspection conducted by Ms. G. M. Christoffer of this office on August 18 - September 3, 1992. The inspection included a review of activities authorized at your Byron Nuclear Power Station facility. At the conclusion of the inspection, the findings were discussed with those members of your staff identified in the enclosed report.

Areas examined during the inspection are identified in the report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observation of activities in progress.

No violations of NRC requirements were identified during the course of this inspection. During the exit interview, you agreed to provide a written description of your investigation and activities relating to an incident that occurred during this inspection. We would appreciate that description within 45 days of the receipt of this letter. The inspector followup item is described in section 5 of the report details.

Areas examined during this inspection concern a subject matter which is exempt from disclosure according to Part 73, Title 10, Code of Federal Regulations, Section 73.21(c)(2). This information must be handled and protected in accordance with the provisions of 10 CFR 73.21. Consequently, our report of this inspection will not be placed in the NRC Public Document Room.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

*James R. Creed*
