

November 21, 1983

Note to Dave Wiggington

SUBJECT: COOK 2 - DELETING LICENSE CONDITION (OELD # 839 205)

The package is okay but you have to be careful on these notices. The notice of "proposed" did not include reference to the April 1, 1980 supplement. If that item had significant substance in it, then it can be argued that the original notice was inadequate.
