Gentlemen:

SUBJECT: VOGTLE ELECTRIC GENERATING PLANT EMERGENCY PLAN REVIEW,
REVISION 14

We have completed our review of the corrected pages to Revision 14 which were included in your Revision 16 Submittal dated July 9, 1992. The corrected pages were consistent with the commitments that were detailed in your letter of May 18, 1992 and discussed between Bill Rankin of my staff and Jim Roberts of your staff.

Our review indicated that the changes meet the planning standards of 10 CFR 50.47(b) and the requirements of Appendix E to 10 CFR Part 50. Please be reminded that 10 CFR 50.54(q) requires that proposed changes which decrease the effectiveness of your Emergency Plan shall not be implemented without application to and approval by the Commission. However, changes may be made without Commission approval, if such changes do not decrease the effectiveness of the Plan, and the Plan, as changed, continues to meet the standards of 10 CFR 50.47(b) and the requirements of Appendix E to 10 CFR 50. If a change is made without approval, you should furnish copies in accordance with 10 CFR 50.54(q). Also, any changes to the Emergency Plan Implementing Procedures should be made in accordance with the requirements of 10 CFR 50, Appendix E, Section V.
