In the Matter of
NORTHEAST NUCLEAR ENERGY COMPANY
(Millstone Nuclear Power Station, Unit No. 2)
Docket Nos. 50-336-OLA, ASLBP No. 92-665-02-OLA)
(Spent Fuel Pool Design)

Dear Administrative Judges:

By Board Order of August 18, 1992, contentions were to be filed by the Co-Operative Citizen's Monitoring Network, Inc. ("CCMN") no later than August 24, 1992. As shown by the certificate of service attached thereto, CCMN filed what it labelled as a "Final Version" of its contentions on September 8, 1992. The Staff received this September 8 filing on September 14, 1992, as it was preparing to mail its response to CCMN's August 24, 1992 contentions.

The Staff does not intend to file a response to the CCMN's September 8, 1992 filing pending further direction from the Board.

Sincerely,

John T. Hull
Counsel for NRC Staff
