MEMORANDUM FOR: Chairman Palladino
Commissioner Roberts
Commissioner Asselstine
Commissioner Bernthal
Commissioner Zech

FROM: Darrell G. Eisenhut, Director
Division of Licensing, NRR

SUBJECT: BOARD NOTIFICATION (BN-84-166)
TMI-1 RESTART HEARING: TMI-2 LEAK RATE TESTING

In accordance with the NRC procedure for Board Notification, the following information is being provided directly to the Commission. The Boards and parties are being informed by copy of this memorandum.

Enclosed is a transcript from a September 20, 1984 meeting between the NRC staff and Mr. Edwin Stier, et al. Mr. Stier has been retained by GPU Nuclear to conduct further investigations into the TMI-2 leak rate testing falsification matter. TMI-2 leak rate testing is the subject of reopened hearings in the TMI-1 restart proceeding. The purpose of the meeting was to brief the staff on the technical findings from a review of TMI-2 plant data, such as makeup tank level strip charts, etc. Intervenors TMI Alert and the Union of Concerned Scientists attended the meeting.
