Subject: Voluntary Report: Investigation of Inadequate  
Background Screening

Gentlemen:

On August 6, 1992, Toledo Edison informed the Nuclear Regulatory Commission (NRC) Region III office of preliminary results concerning the investigation of inadequate background screening.

Attached is a voluntary report summarizing the results of the investigation. The details concerning this investigation are considered confidential and are available onsite for NRC review. The attached report is considered exempt from public disclosure in accordance with 10 CFR 2.790.

Should you have any questions, please contact Mr. Robert W. Schrauder, Manager - Nuclear Licensing at (419) 249-2366.

Very truly yours,

GAB
