Dear Ms. Plettinger:

As we discussed on the telephone on February 4, 1985, enclosed is a copy of the Nuclear Regulatory Commission's Environmental Assessment related to new fuel storage at the River Bend Generating Station. Thank you for informing us of the error in the associated Federal Register notice. A corrected version of this notice, stating that the environmental impact created by the proposed action would not be significant, will be published in the Federal Register on February 7, 1985.

Sincerely,

Original Signed By:
