RECEIVED  
11/5/84

Ms. Betty L. Wright  
Licensing Officer - International Programs  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

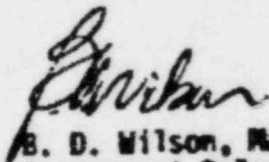

Dear Ms. Wright:

Enclosed is General Electric's application for authorization to export 6.5 kgs. of U as 4% UO<sub>2</sub> pellets to Germany for fabrication into special fuel rods for subsequent testing in Switzerland.

The desired export date is December 1, 1984 which, we realize, will need early action. Accordingly, copies of the application are being sent also to Ms. Martin at DOE, to Ms. DuBois at EURATOM, and to Dr. Risch at the Swiss Embassy for their early information.

Thank you for your kind attention to this matter.

Very truly yours,

B. D. Wilson, Manager  
Government Relations and  
Export Licensing  
Mail Code 871
