Gentlemen:

Subject: Management Meeting - Hope Creek Test Programs

We are submitting, for your information, a proposed agenda for the meeting to be held at the Hope Creek Generating Station on Monday, October 22, 1984 at 9:00 A.M.

This meeting is being conducted to discuss the emphasis and expectations of our inspection program, as you accomplish the transition from construction to operation of Hope Creek. We also plan to discuss how you'll conduct your pre-operational, startup and power ascension programs, including experience gained from similar testing of your Salem units. This meeting is anticipated to last approximately two hours and should provide for a brief overview, at a management level of detail, of the enclosed discussion topics.

Your cooperation with us is appreciated, and I look forward to meeting with you and your staff.

Sincerely,

Original Signed By:

Richard W. Starostecki, Director
Division of Project and Resident
Programs
