FRÉEDOM OF INFORMATION
ACT REQUEST

FOIA-92-76
Rec'd 2-14-92

Dear FOIA Officer:

Under the provisions of the Freedom of Information Act, 5 U.S.C. 552, I am requesting a copy of any NRC documents relating to NRC inspections of Washington State University's nuclear reactor program. I am specifically interested in reports, correspondence and documents relating to NRC inquiry and inspections of the facility in 1988 or 1989, and relating to WSU's use of a neutron generator and Cobalt 60.

Please include copies of any correspondence from WSU relating to these matters.

If there are any fees for copying the records I have requested and if those fees exceed \$15 please inform me before you fill the request. As you know, the Act permits you to reduce or waive the fees when the release of the information is considered "primarily benefiting the public." I believe that this request fits that category and I therefore ask that you waive any fees.

If all or any part of this request is denied, please cite the specific exemption(s) which you think justifies your refusal to release the information and inform me of your agency's administrative appeal procedures available to me under the law.

I would appreciate your handling this request as quickly as possible and I look forward to hearing from you within 10 working days, as the law stipulates.

Sincerely,

Ken Olsen
