Gentlemen:

This refers to the inspection conducted by Charles A. Hackney of this office and other accompanying personnel during the period July 9-13, 1984, of activities authorized by NRC Operating Licenses DPR-51 and NPF-6, for Arkansas Nuclear One, Units 1 and 2, and to the discussion of our findings with James M. Levine and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection included emergency detection and classification, protective action decisionmaking, and emergency notifications and communications. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspectors. These findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office, by telephone, within 10 days of the date of this letter, and submit written application to withhold information contained therein within 30 days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
