

JUN 12 1984

Duke Power Company
ATTN: Mr. H. B. Tucker, Vice President
Nuclear Production Department
422 South Church Street
Charlotte, NC 28242

Gentlemen:

SUBJECT: REPORT NOS. 50-269/83-34, 50-270/83-34, AND 50-287/83-34

Thank you for your supplemental response of April 9, 1984, to our Notice of Violation issued on December 8, 1983, concerning activities conducted under NRC License Nos. DPR-38, DPR-47 and DPR-55 for the Oconee facility.

In your supplemental response, you state that you continue to disagree with the bases for the citation and have requested an interpretation of 10 CFR 20.203(e) as it relates to this issue. However, we observed during our December 19-22, 1983 inspection that you have corrected the specific violation regarding the posting of the pond.

The NRC is evaluating the applicability of 10 CFR 20.203(e) to the posting of your chemical treatment pond and will inform you of the results of this evaluation at a later date.

We appreciate your cooperation in this matter.

Sincerely,

James P. O'Reilly
Regional Administrator
