Dear Ms. Chu:

SUBJECT: UNIVERSITY OF NEW MEXICO RESEARCH REACTOR
EMERGENCY PLAN

We have completed our modifications of the Emergency Plan for our Research Reactor, per your request in the letter dated December 11, 1984. However, we cannot yet comply with all of the provisions of your requests because of difficulty in obtaining written responses from outside support agencies. While we have verbally confirmed their commitment to support our emergency activities, they have not yet replied in writing.

Because of this delay in response by outside agencies, we are requesting a 30 day extension on your Request for Additional Information.

Your prompt attention to this request is appreciated.

Sincerely,

David M. Woodall
Chief Reactor Supervisor

Glenn A. Whan
Reactor Administrator
