

OCT 2 1984

Docket Nos. 50-397

Washington Public Power Supply System
P. O. Box 968
Richland, Washington 99352

Attention: Mr. G. C. Sorensen
Manager of Regulatory Programs

Gentlemen:

Subject: NRC Inspection

This refers to the inspection conducted by Messrs. A. Toth and R. Waite of this office, during August 4-31, 1984 of activities authorized by NRC Operating License NPF-21, and to the discussion of findings held by Mr. Toth with Mr. J. Martin at the conclusion of the inspection.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspectors.

No items of noncompliance with NRC requirements were identified during the course of this inspection.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room.
