Dear Mr. Wilgus:

Gary R. Westafer's letter of August 16, 1984 to D. G. Eisenhut requested an extension of time from October 2, 1984 until November 30, 1984 to respond to Generic Letter 84-15, which dealt with diesel generator reliability. Your justification for this delay cited your need to reformat and analyze diesel demand data and to develop and review your comprehensive program recommendations. We have reviewed your request and herewith grant the requested extension of time.

Sincerely,
