IN RESPONSE REFER  
TO FOIA-84-564

Dear Mr. Reynolds:

This is in partial response to your letter of July 6, 1984, in which you requested, pursuant to the Freedom of Information Act and 10 CFR 9.3 of the Commission's regulations, five categories of documents pertaining to the newly promulgated 10 CFR Part 170.

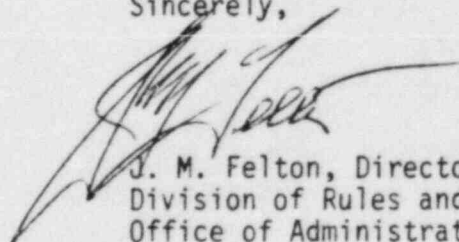

Enclosed are the documents listed on Appendices A, B, and C. The documents total 813 pages, and there are, so far, 28 Hours (20 professional and 8 clerical) of reported search time. The charges for reproducing documents are \$0.05 per page, \$12 per hour for professional search, and \$5 per hour for clerical search.

Since we anticipate that there will be several responses to your request, as many of the NRC staff offices have not provided full responses to date, we would appreciate your letting us know if you would prefer either to be billed with each response letter or to receive a single billing with our final response.

In addition to the documents listed on the appendices, we have been advised that SECY-83-495, dated December 2, 1983, is already publicly available for review and copying at the NRC's Public Document Room (PDR), located at 1717 H Street, NW, Washington, DC. The document is 165 pages in length and the accession number is 8405150509. A previous Freedom of Information Act request, FOIA-82-607 (KNOWLES), may be of interest to you. This request was made shortly after the proposed rule to amend 10 CFR Part 170 was published in November 1982. This FOIA request is also available for review at the PDR under the above-cited FOIA number.

The search for and review of additional documents subject to your request have not been completed. As soon as that search and review are completed, we will contact you.

Sincerely,

J. M. Felton, Director  
Division of Rules and Records  
Office of Administration

Enclosures: As stated
