SUBJECT: IMPACT AND CHANGES FROM CURRENT LICENSE FEE RULE

1. We currently report all overtime (paid and voluntary) to LFMB for fee calculation.  
New rule - we can report only regular hours.  
IMPACT - requires PPSAS program changes.
2. We currently report hours/contract \$ to LFMB when the case is closed.  
New rule - we must report hours/contract \$ to LFMB every 6 months.  
IMPACT - requires more support from PSB personnel and NMSS project managers.
3. We currently charge a flat fee for field flooding tracer studies.  
New rule - full cost recovery.  
IMPACT - PSB and FC must enter these in PPSAS and report actual hours to LFMB.
