Dear Ms. Diggs:

By letter of December 12, 1984, Boston Edison requested a deadline extension for installation of the Post-Accident Monitoring System (PASS), and the Containment Atmospheric Monitoring System at Pilgrim Nuclear Power Station. The deadline was contained in an NRC Order; therefore, pursuant to 10 CFR 170.12(c), and in accordance with your letter of December 31, 1984, please find a check for \$150.00 enclosed in payment of the amendment application fee.

Very truly yours,

W.D. Harrington
