**MEMORANDUM FOR:** Faith Brenneman, Regional State Liason Officer, Region I  
**FROM:** William O. Miller, Chief, License Fee Management Branch, ADM  
**SUBJECT:** COST BACKUP INFORMATION FOR WASTE BURIAL FACILITIES

In response to your request for backup information on the development of the range of costs in the proposed fee schedule for waste burial facilities, NMSS has provided us with the assumptions and background information they used in estimating the range of costs for applications, amendments and renewals. Attached is a copy of the memorandum dated February 25, 1983.

The costs for waste burial facilities have been estimated by the NMSS staff because sufficient data is not available due to the small number of licenses, and applications filed. It is proposed, however, that fees collected under Category 4A of Section 170.31 for these facilities would be based on actual costs.
