Subject: WASHINGTON PUBLIC POWER SUPPLY SYSTEM
WNP-2 PHYSICAL SECURITY PLAN, REVISION 7

Pursuant to your letter of September 28, 1984 referencing two unacceptable portions of Revision 6 of the WNP-2 Physical Security Plan; the justification for deleting a security measure and the re-implementation of the original time commitment for calibration of security related screening devices are described in the enclosure to this letter.

Revision 7 to the Physical Security Plan, attached, restates our commitment to test and calibrate screening devices. Text changes have been noted by a line on the right hand margin of the document.

The enclosures contain Safeguards Information concerning security measures for the physical protection of Supply System facilities in which special nuclear material is used. This information is to be protected in accordance with 10CFR 73.21.

Should you have any questions concerning this submittal, please do not hesitate to contact me.
