MEMORANDUM FOR: Charles Fitzgerald, Chief
Information Systems Branch, RM

FROM: William O. Miller, Chief
License Fee Management Branch, ADM

SUBJECT: MODIFICATION OF THE "766" SYSTEM FEE REPORTS

The inspection fee reports from "766" system need to be modified to exclude third party allegations. Identifying this inspection activity is "Type of Activities Conducted", Code 14 "Inquiry" - for allegations. The fee report directly affected by this change is No. CLIC0022, "Fee Eligible Non-Routine Inspections - Materials". All other fee reports should also exclude this activity code.

We discussed the program change with Phyllis Smith and would like to have the change made as soon as possible. If there are any problems, please contact me on 492-7225.
