Dear Mr. Martin:

River Bend Station Unit 1
Docket No. 50-458
Final Report/DR-204

Gulf States Utilities Company (GSU) has completed its evaluation of DR-204 concerning jacket defects on NGP-70 cable (21C No. 16 AWG) supplied by Rockbestos. The defects in the cable jacket will not affect cable performance. Since the cable will perform properly for design operating conditions, GSU has determined this condition is not reportable under 10CFR50.55(e).

Sincerely,

for J. E. Booker
