In the Matter of
Metropolitan Edison Company
(Three Mile Island Nuclear Station, Unit 1)
Docket No. 50-289-57

Dear Lynne:

During our meeting on the evening of October 16, 1984, we agreed to address several additional questions you raised with respect to Licensee's Third Supplemental Response to TMIA's First Set of Interrogatories.

With respect to Interrogatory No. 15, Messrs. Illjes and Conaway have informed us that they have no recollection of being present during the Congressional tour. Letters have been sent to Messrs. Mell and Kidwell asking them of their recollection, and Licensee is awaiting their responses.

With respect to Interrogatory Nos. 16 and 34, Mr. Keaten has stated he has no recollection beyond his notes.

With respect to Interrogatory No. 48, Licensee first received a tape of the Mehler and Chwastyk I&E interviews on May

21, 1979. Licensee has no record of receiving any informal transcriptions of these interviews.

With respect to the Observation Center logs, these are indeed no more than dispatcher notes. With respect to J. Seelinger's notes, they will be placed in the Discovery Room as soon as they are received which is expected to be this week.

Sincerely,

Emic
