Mrs. Juanita Ellis  
President, CASE  
1426 South Polk Street  
Dallas, Texas 75224

Subj: Texas Utilities Electric Company (Comanche  
Peak Steam Electric Station, Units 1 and 2);  
Docket Nos. 50-445 and 50-446 OL

Dear Juanita:

This will memorialize our agreement regarding the schedule for Applicants' responses to CASE's interrogatories regarding the cross-over leg restraint and CASE's first and second motions for summary disposition regarding quality assurance for design. As we agreed, Applicants' time to respond to the discovery requests will not begin to run until the Board rules on Applicants' motion for reconsideration of the Memorandum and Order authorizing discovery. You indicated you intended to respond to Applicants' motion. I also spoke with Geary Mizuno on this matter. He indicated that the Staff also intended to answer Applicants' motion and had no objection to Applicants awaiting a Board ruling before responding to CASE's discovery requests.

With respect to Applicants' answers to CASE's first and second motions for summary disposition, we agreed Applicants would respond to both motions by November 13, 1984. Geary Mizuno indicated the Staff had no objection to this schedule.

Following our conversation I contacted Chairman Bloch to relate our agreements. He indicated to me that the Board was issuing a decision concerning CASE's second motion for summary disposition requesting that Applicants provide information regarding the subject of that motion, viz., Applicants' retention of an academic expert, by November 9. Accordingly, Applicants will respond to the Board's request and CASE's second

motion by that date. We will submit our answer to the first motion by November 13, as we previously agreed.

Sincerely,

A handwritten signature in cursive script that reads "William A. Horin". The signature is written in dark ink and is positioned above the typed name.

William A. Horin
