

Heriberto Bermea

My name is Heriberto Bermea, and I have been employed by Brown & Root for about five and a half years. I presently work as a pipe hanger fitter.

I worked on Robert Messerly's crew on pipe hangers for about a year to a year and a half as a helper. My job was to get equipment and keep it clean. While I was on Messerly's crew, I never saw anyone use torches to enlarge holes drilled in tube steel on hangers. While I was on Messerly's crew I was never asked to do any work out of procedure, nor ~~to~~ do I recall ever doing any work out of procedure. I have used a Hilti drill, but I have never used a core drill. I have never cut rebar with a drill.

I have read the foregoing statement consisting of 1 handwritten/~~typed~~ pages. I have made and initialed any necessary corrections and have signed my name in ink in the margin of each page. I swear that the foregoing statement is true and correct. Signed on 5-10-83 at 11:40am
