

Statement of
Daniel Kessler Brown

My name is Daniel Brown, and I am presently employed as a mechanical helper for Texas Utilities Generating Co. Previously I worked at various jobs including pipe hanger fitter for Brown & Root at Comanche Peak for about eight years.

I use to work on a hanger crew that used Hilti drills, but I have never used a Drilco drill (core or Flex drill). I have never borrowed a core drill nor have I ever seen anyone else use a core drill without proper documentation. Also I have never had anyone ask me to borrow a core drill or use a core drill to cut rebar. While I worked on the hanger crew using a Hilti drill, I never did any drilling in the containment.

I have read the foregoing statement consisting of 1 handwritten/
~~typed~~ pages. I have made and initialed any necessary corrections and have signed my name in ink in the margin of each page. I swear that the foregoing statement is true and correct. Signed on 5-6-83 at 10:18am.
