

10: DCD

50-333

1/22/35

The attached page <sup>(Figure 3)</sup> came in without a transmittal letter - as a result of conversations with the licensee. Figure 3 in the original submittal was incorrect by oversight and the licensee tried to correct.

The figure 3 in the original submittal should be destroyed and replaced with the attached. If you can, please notify distribution of this change if you can't, let me know what I have to do. Attached is also a copy of the original docket cover letter.

Thanks

Greg WRC

Note: The only difference between the original figure 3 and the revised figure 3 is the number of grades per team.
