Docket No. 50-329
50-330

Consumers Power Company
ATTN: Mr. J. W. Cook
Vice President
1945 West Parnall
Jackson, Michigan 49201

Gentlemen:

As you are aware, 10 CFR 170 of the Commission's regulations for license and inspection fees was revised effective June 20, 1984. Section 170.12(b) of the revised rule provides that for applications for permits, licenses, facility reference design approvals, and special projects which have been on file with the Commission for review for six months or longer, the first bill for accumulated review costs would be sent to the applicant at the time the rule becomes effective and thereafter at six-month intervals or when the review is completed, whichever is earlier. The first bill for the operating license (OL) review will include applicable professional staff review time expended through June 23, 1984, and contractual support services expended to May 31, 1984. Subsequent bills covering six-month reviews will be issued approximately ninety days after the end of each six-month period which closes in December and June of each year.

Consistent with the requirements of 10 CFR 170.12(b), we have completed the cost analysis for the Midland 1 and Midland 2 OL application reviews for the period specified above. The cost through that period is \$3,749,786 for Midland 1 and \$3,150,457 for Midland 2. The cost for each OL review through June 23, 1984 exceeds the fee of \$3,077,400 as stated in 10 CFR 170.21. Accordingly, \$3,077,400 is the amount that may be assessed for each OL review under 10 CFR 170 as revised June 20, 1984. The Office of Resource Management has been notified to bill your Company \$3,077,400 for each OL review. When making payment, please make reference to the bill number.
