Ladies and Gentlemen:

In Reference (1), Commonwealth Edison Company (ComEd) transmitted to the United States Nuclear Regulatory Commission (NRC) the January 1995 Monthly Operating Report for the Braidwood Nuclear Power Station, Units 1 and 2 (Braidwood). The cover letter incorrectly stated that the period of the report was December 1 through December 31, 1994 although the attachments were clearly labeled January 1995. ComEd regrets any confusion that this error may have caused.

Please address any comments or questions regarding this matter to this office.

Very truly yours,

Harold D. Pontious, Jr.
