Gentlemen:

Region III has reviewed your letter dated October 1, 1984, requesting the NRC staff to review and concur in the new Quality Assurance Program Plan (QAPP) for the shutdown phase of the Midland Energy Center.

It is NRC policy that new QAPPs be reviewed by the Division of Quality Assurance, Safeguards, and Inspection Programs in HQ's (IE/QASIP) to assure consistency of staff requirements. The Regional Office reviews changes to previously accepted QAPPs; therefore, Region III has forwarded the QAPP to HQ for review.

Sincerely,

for C. E. Norelius, Director
Division of Reactor Projects
