OCT 03 1984

Mississippi Power and Light Company
ATTN: Mr. J. B. Richard
Senior Vice President, Nuclear
P. O. Box 1640
Jackson, MS 39205

Gentlemen:

SUBJECT: FEMA FINAL REPORT OF THE GRAND GULF POWER STATION EXERCISE CONDUCTED
ON APRIL 11, 1984

Enclosed is the Federal Emergency Management Agency's Final Report of the Grand Gulf Emergency Preparedness Exercise conducted on April 11, 1984. Management attention is directed toward the deficiencies identified in the enclosed report. We encourage you to work closely with the State and local government agencies to resolve these deficiencies. We understand from meetings and discussion with members of your staff that actions are in progress to correct the deficiencies.

The deficient areas will be evaluated in a future exercise. You are reminded that should these issues fail to be resolved as demonstrated by successful performance in a future exercise the NRC may take enforcement action.

If you have any questions on this matter, please let me know.

Sincerely,

David M. Verrelli, Chief
Reactor Projects Branch 1
Division of Reactor Projects
