411 Fayetteville Street  
Raleigh, NC 27602

Gentlemen:

SUBJECT: BRUNSWICK STEAM ELECTRIC PLANT RESPONSE TO HURRICANE DIANA

I am taking this opportunity to commend your Brunswick staff on their prompt and effective response action during Hurricane Diana. As the storm approached the Brunswick site, your staff demonstrated foresight and initiative in prompt activation of emergency facilities and adequate staffing of the emergency organization. During the duration of the hurricane, the Brunswick staff kept the NRC well informed of plant status and assessment actions being taken and planned. The staff was also cooperative with NRC representatives in installation of the NRC's emergency HF radio communications equipment.

We appreciate your extra efforts during this difficult situation. Congratulations on a job well done.

Sincerely,

James P. O'Reilly  
Regional Administrator

cc: P. W. Howe, Vice President  
Brunswick Nuclear Project  
C. R. Dietz  
Plant General Manager

bcc: Senior Resident Inspector  
Document Control Desk  
State of North Carolina
