Gentlemen:

This refers to the inspection conducted by Mr. Bartz of this office on November 29, 1973 of activities authorized by AEC License DPR-16 and to the discussions of our findings held by Mr. Bartz with Mr. Fickeisen at the conclusion of the inspection.

The area examined during this inspection was limited to a review of your special nuclear material depletion and production calculations for the Oyster Creek Station. Within this area, the inspection consisted of selective examinations of procedures and representative records, and interviews with personnel.

Within the scope of this inspection, no violations were observed.

No reply to this letter is required; however, should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

*signed*
