Washington, D.C. 20555

Dear Mr. Sherr:

The Northrop Corporation is requesting N.R.C. approval of transportation routes to transport spent fuel from Hawthorne, California to Austin, Texas, Manhattan, Kansas and Urbana, Illinois. We have discussed these routes with Bill Hawkins and Charles Hillman of your office. It is our understanding that a good portion of the routes described and listed on the attached sheet are approved.

It is our hope to move fuel sometime in the middle of March or early April. Your help is solicited for an early approval. Should there be any questions please call me.

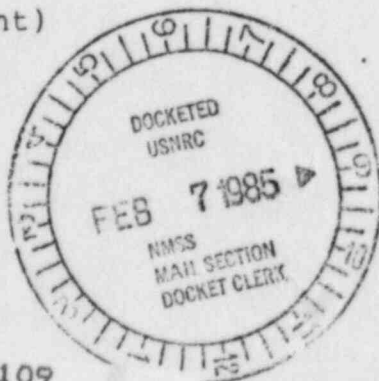

Sincerely,

NORTHROP CORPORATION
Aircraft Division

Harry Woo
