Docket No. 50-219

Gentlemen:

This refers to the inspection conducted by Mr. Pomeroy and Mr. Potapovs of our Headquarters Technical Assistance Branch on April 10-11, 1973 at the General Public Utility Service Company (GPUSC) of activities authorized by AEC License No. DPR-16.

Areas examined during this inspection included the GPUSC activities relating to their overall quality assurance effort in the procurement of Oyster Creek reload fuel from EXXON Nuclear Company (ENC), the product specifications and process control requirements for the reload fuel and the results of GPUSC audits of ENC. Within these areas, the inspection consisted of selective examinations of procedures, and representative's records, interviews with personnel, and observations by the inspectors.

Within the scope of this inspection, no violations or safety items were observed.

In accordance with Section 2.790 of the AEC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the AEC's Public Document Room. If this report contains any information that you (or your contractors) believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must include a full statement of the reasons on the basis of which it is claimed that the information is proprietary, and should be prepared so that proprietary information identified in the application is contained in a separate part of the document. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.
