May 2, 1973

Mr. D. J. Skovholt
Assistant Director for Operating Reactors
Directorate of Licensing
United States Atomic Energy Commission
Washington, D.C. 20545

Dear Mr. Skovholt:

SUBJECT: OYSIER CREEK NUCLEAR GENERATING STATION
SUPPLEMENT NO. 5
TO THE APPLICATION FOR A FULL TERM LICENSE
DOCKET 50-219

Enclosed are three originals and sixty-seven reproduced signature copies of Supplement No. 5 to the Application for a Full Term License for the Oyster Creek Nuclear Generating Station. This supplement responds to your letter of April 3, 1973, concerning the proposed cask drop protection system and updates our application to include additional information presented to members of the Regulatory Staff at a meeting on March 16, 1973. Jersey Central concurs with the conditions given in your letter of April 3, 1973 and will take appropriate action to ensure that all conditions are satisfied prior to handling of a spent fuel shipping cask in the plant. It is understood that the proposed cask drop protection system is approved by the Regulatory Staff in this regard.

Very truly yours,

Ivan R. Finfrock, Jr.
Vice President
